

**Department of Human Services  
IOWA Medicaid Program**

**PDL Effective 7/28/2008  
PDL DRUG LIST (Two Drug Columns)**

Highlighted categories denote new changes to the PDL since previous update

**Column Header Explanations:**

**B, G or O:**

- B = Brand
- G = Generic
- O = OTC

**P, N, R, or NR:**

- P = Preferred
- N = Non-Preferred
- R = Recommended
- NR = Non-Recommended

**COM:**

1	ANTIVERT 50mg - Use two MECLIZINE HCL 25mg instead	28	PA REQUIRED FOR QUANTITIES EXCEEDING 12-4MG TABS, 12-8MG TABS, 4-24 TABS, 50ML/MONTH - ORAL SOL, 4-20ML VIALS, AND 8-2ML VIALS.
2	BENZONATATE 200mg - Use two BENZONATATE 100mg instead		
3	BUSPIRONE 30mg - Use 2 BUSPIRONE 15mg tablets	29	PA required for quantities exceeding 12-4mg tabs, 12-8mg tabs.
4	CLINDAMYCIN HCL 300MG - Use Multiples of CLINDAMYCIN HCL 150mg	30	PA required for doses exceeding two tablets per day of the same strength
5	Flumist Nasal Vaccine: Preferred 19-49 until 3-15-08. Those 2-18 should be referred to Vaccines for Children Program	31	or for more than two strengths per month.
6	FLUOXETINE HCL 20mg TABS - Use FLUOXETINE HCL 20mg CAPS instead	32	PA required limited to package size of #14
7	Preferred only for children 12 years of age and under.	33	PA required limited to package size of #110
8	After 60 days will become nonpreferred.	35	Established users who have tried preferred ophthalmic prostaglandins will be grandfathered.
9	HYDROXYZINE HCL - Use HYDROXYZINE PAMOATE	36	PA Required / After 30 days only the generic will be preferred
10	HYDROXYZINE PAMOATE 100mg - Use two HYDROXYZINE PAMOATE 50mg instead	37	PA Required >= 21 yo. / After 30 days only the generic will be preferred
11	PA Required		Payable for members who are 12 years of age and older. Quantity limitations of 12 packets/4 weeks (28 days) or a total of 48 packets/16 weeks (112 days).
12	PA Required > 60 days	38	Restricted to persons 40 years of age and older.
13	PA Required > 90 days	39	Payable for children 6-12 years old.
14	PA Required > Quantity Limit 10 Days	40	Grandfathered
15	PA Required for > 4 Bottles/30 Days	41	Draft Preferred
16	PA Required from Day 1	42	PA Required > 90 days; After 30 days, only the generic will be preferred
17	PA Required: > 18 Units/30Days Supply		
18	Preferred < 14yo	43	Glucagen will be preferred until 7-30-08
19	Preferred < 8yo	44	PA Required: >15 units/30 day supply
20	Preferred only for children 12 years of age and under for the first 60 days of therapy.		
21	PROZAC,FLUOXETINE HCL 40mg CAPS - Use two FLUOXETINE HCL 20mg CAPS instead		
22	RHEUMATREX - Write METHOTREXATE instead		
23	ULTRACET - Use Tramadol & Acetaminophen separately		
24	PA Required >= 21 yo.		
25	PA Required: > 14 Units/30Days Supply		
26	After 30 days only the generic will be preferred.		
27	PA required for quantities exceeding 12-40mg capsules and 8-80mg capsules.		

**Iowa Medicaid Preferred Drug List (PDL)  
New Drug Process**

1). **Therapeutic classes of drugs already reviewed by the Pharmaceutical and Therapeutics (P&T) Committee**

· New drug entities (including new generics), and new drug product dosage forms of existing drug entities) in therapeutic classes already reviewed by the P&T Committee will be identified weekly and immediately be coded as "**Non-preferred-Prior Authorization required**" until presented at the next quarterly scheduled P&T Committee meeting. These prior authorization restrictions will continue through the review process, including while committee recommendations are being made, and lasting until DHS makes a final determination.

2). **Therapeutic classes of drugs not yet reviewed by the Pharmaceutical and Therapeutics (P&T) Committee**

New drug entities for conditions without any available PDL choices in therapeutic classes not yet reviewed by the P&T Committee **will remain payable**, in effect preferred by default, until the therapeutic class is discussed. Once this review occurs for the new therapeutic class, the non-preferred default policy will apply to subsequent new drug entries.

3). **Exceptions to the Non-preferred default policy for new PDL drugs**

There are two major potential exceptions to the non-preferred default policy for new PDL drugs:

A). If a new medication is classified as a priority drug by the FDA, the State may indicate that such a drug is preferred, until the drug is reviewed by the P&T Committee at the nearest scheduled meeting.

B). The State may decide to designate a new drug as "draft preferred" and provide immediate access and increased therapeutic choice to physicians until the drug is reviewed by the P&T Committee at the nearest scheduled meeting if:

- a new drug is therapeutically equivalent or superior to existing preferred or non-preferred choices, and
- is as safe or safer than existing preferred or non-preferred choices, and
- the net cost, adjusted for all rebates, is less expensive than all existing preferred choices.

4). **Existing PDL Drugs**

· Although the State discourages supplemental rebate offers on existing PDL drugs between annual bidding periods, it may entertain such bids and may accept them if they are determined to represent significant additional savings or if they would replace a delinquent manufacturer's product or a preferred drug pulled from the marketplace or significantly restricted by the FDA. This interim preferred status will remain in effect until the drug is reviewed by the P&T Committee at the next scheduled meeting. Supplemental rebates will only be invoiced for approved drugs under contract. Draft preferred drugs with supplemental rebates will not be invoiced until approved by the Committee and accepted by the State. At that time, the supplemental rebates will be invoiced back to the effective date of the agreement, which is the date the drug began to benefit from preferred status.
