Conflict of Interest Disclosure**

The Iowa Medicaid Pharmaceutical and Therapeutics (P&T) Committee and persons testifying or presenting to the Iowa Medicaid P&T Committee are asked to disclose any financial or other affiliation with organizations that may have a direct or indirect interest in the business in front of the Committee.

A financial interest may include, but is not limited to, being a shareholder in the organization; being on retainer with the organization; or having research or honoraria paid by the organization.

An affiliation may include holding a position on an advisory committee or some other role or benefit to a supporting organization.

The existence of such relationships does not necessarily constitute a conflict of interest and will not preclude an individual from participating on, or addressing the P&T Committee. This policy is intended to openly identify any potential conflicts so that the P&T Committee members and the public are able to form their own judgments.

Please check the box of the statement that best applies.

Statement of No Conflicts

I do not have a current or recent (within the last 12 months) financial arrangement or affiliation with any organization that may have a direct interest in the business before the Iowa Medicaid P&T Committee.

Disclosures

I have a financial interest, affiliation or am employed by an organization that may have a direct interest in the business before the Iowa Medicaid P&T Committee

I refuse to state my affiliations
